Remember these plans are only proposals so YOUR views are important. Give your feedback after you've considered the ALTERNATIVES (see over..)

There Are Alternatives :

Milton Road doesn't have to be widened and have a two way bus lane. Our trees and verges can remain.

The Greater Cambridge City Deal Partnership recently put forward a Call for Evidence as part of the CAMBRIDGE ACCESS STUDY. This was an opportunity for individuals or organisations to put forward their ideas on how they believe the congestion issues in Cambridge can be solved.

There were 21 speakers including 5 invited experts.

Before you complete your questionnaires and send your replies to the Milton Road Consultation, please consider the Call for Evidence hearings. For a summary of the ideas, please see the '*Notes of the Call for Evidence Sessions*' under '*Evidence Session*', including the power point presentations, via the following link:
